TA 8601: Women-Led Sanitation: Driving Change through ADB-CSO Partnerships
Objectives

1. Pilot and demonstrate innovative youth-led multi-stakeholder collaboration
2. Gather and document existing solutions and best practices of participatory sanitation
3. Increase public support and awareness on sanitation in Asia
Open Defecation Free Asia Maptivists

The ADB Youth Initiative seeks “maptivists” to map out areas where OD is prevalent. Information will be transmitted and collated to create up-to-date evidence to influence projects and policies, monitor progress, and resources planning.
