

Drafting Process of the Message from Bangkok

1. A preliminary draft of the Message from Bangkok was sent both to the Thai government, lead organizations and sub-regional coordinators for comments (beginning of Nov.)
2. A revised draft could form the basis of the final message (before the beginning of Jan.)
3. We propose to form a small drafting team comprising
 - one person from the Thai government (government)
 - one person from the lead organizations (APWF lead organizations)
 - one person from the Secretariat (other stakeholders)
4. This drafting team, could then prepare the final draft based on their soundings and feed back
