

# Regional Process Breakout Session

---

## *Asia Pacific*

Topic Framework Proposal	Correspond to the topics of thematic process
<p><b>1) Smart Water Management: Opportunity and Challenges</b></p>	<p><b>1 Water Security and Prosperity</b>                      (a) sound water supply and demand management, (b) circular economy in the water sector and non-conventional water resources, (d) water for energy, and,                      6. knowledge and Innovation (a) promote Smart Water Management and technological innovation, (d) upscale water information systems</p>
<p><b>2) Addressing Water Scarcity in Asia and the Pacific: Effective Tools for Sustainable Agricultural Water Management</b></p>	<p><b>1. Water Security and Prosperity (c) Water for Agriculture</b></p>
<p><b>3) Sanitation improvement in Asia and the Pacific</b></p>	<p><b>2 Water for Humans and Nature</b>                      (d) Access to water sanitation and hygiene for all</p>
<p><b>4) Diverse wastewater management challenges and the innovation</b></p>	<p><b>2 Water for Humans and Nature (a) Water quality improvement</b></p>
<p><b>5) The Future of Green Water Infrastructure Harnessing the Power of Nature</b></p>	<p><b>2 Water for Humans and Nature</b>                      (b) Conservation and restoration of freshwater ecosystems and biodiversity and                      (e) IWRM</p>

<b>Topics framework Proposal</b>	<b>Correspond to the topics of thematic process</b>
<b>6 Basin Management for Disaster Risk Reduction and Management</b>	<b>3 Disaster Risk Reduction and Management (address whole sub-topics integrated manner)</b>
<b>7 Empowering Youth Leadership in addressing Water challenges in Asia and the Pacific</b>	<b>4 Governance and hydro diplomacy (d): Ensure active stakeholder involvement and public participation, etc</b>
<b>8 Transboundary Water Cooperation for Sustainable, Resilient, Inclusive Sound Water cycle from Source to Sea</b>	<b>4 Governance and hydro diplomacy + 2 (v) etc (a),(b), (c) (d) + 2 (e) IWRM, etc</b>
<b>9 Mobilizing Water Finance for Climate Adaptation and Disaster Risk Management</b>	<b>5 Finance (e) Secure and Increase funding to prevent and overcome water-crisis, water disasters and enhance climate resilience</b>
<b>10 The roles of Culture in solving water challenges</b>	<b>6 Knowledge and innovation (b) &amp; (e) +2 (e) + 4 (b), etc</b>

# Session Title (AP Region)

No.	Sub Region	Topic Chosen	Session Title
1	South East Asia	1. Smart Water Management	1. Smart Water Management for Resilience and Inclusive water services
		2. Mobilizing Water Finance	2. Mobilizing innovative financing for inclusive/ green and climate resilience services for all
2	North East Asia	1. Basin Management for Disaster Risk Reduction and Management	1. Smart climate adaptation and financing: Challenge and Opportunities for DRR at the basin level
		2. The roles of Culture in solving water challenges	2. Locally and culturally tailored solutions for water resource management challenges
3	South Asia	1. Sanitation improvement in Asia and the Pacific	1. Inclusive sanitation management and service delivery with particular focus on marginalized groups
		2. Basin Management for Disaster Risk Reduction and Management	2. Proactive disaster risk reduction programs to meet climate challenges
4	Central Asia and Caucasus	1. Transboundary water cooperation for shared prosperity	1. Transboundary water cooperation for shared prosperity
		2. Mobilizing water finance for climate resilience	2. Mobilizing water finance for climate resilience
5	Oceania and Pacific Islands	1. Sanitation improvement in Asia and the Pacific	1. Achieving climate resilience sanitation
		2. Mobilizing water finance for climate resilience	2. Mobilizing accessible water finance for climate resilience

# Cross-Cutting Topics (AP Region)

No.	Sub Region	Cross-Topics	Cross-Region
1	<b>South East Asia</b>	Basin Management for Disaster Risk Reduction and Management	Mobilizing Innovative Financing
2	<b>North East Asia</b>	Innovation for DRR and Climate Change Adaption	Creating an enabling environment for youth innovation and cross-cultural collaboration
3	<b>South Asia</b>	Sanitation improvement in Asia and Pacific	Inclusive sanitation management and service delivery with particular focus on marginalized groups
4	<b>Central Asia and Caucasus</b>	Smart Water Management opportunity and challenge	Mobilizing water finance for climate resilience
5	<b>Oceania and Pacific Islands</b>	Smart Water management	<ol style="list-style-type: none"> <li>1. The roles of culture in water challenges</li> <li>2. Climate Resilience for Small Island Developing States (SIDS)</li> </ol>

# Political Message (AP Regional Process)

---

---

No.	Sub Region	Key Political Message
1	South East Asia	Good and just water governance with strong investment in inclusive, sustainable and resilient services for all
2	North East Asia	1. Pre-Disaster investment and climate change adaptation financing 2. Networking of law makers in AP for sharing good practices and efficient legislation and policy
3	South Asia	Capacity building for all decision makers to enhance investment for sanitation
4	Central Asia and Caucasus	Improve the enabling environment for investment in the water sector
5	Oceania and Pacific Islands	-
